Dear Mr. Taubin,

We would like to take this opportunity to commend you and your staff on your professionalism and the quality of our Morales Construction Co., Inc.'s brochure.

During the preparation of this brochure, you have been quick to respond to any questions we have had and with the numerous revised proofs that were being sent back and forth between our office and yours.

The brochures, which we have distributed so far, have brought very positive comments from our employees, contractors and clients. This will definitely be an asset to our company in advertising and presenting the quality of our homes and commercial projects.

Thank you for all your help in working with us and our vendors and subcontractors to compile this fine brochure.

Sincerely

MORALES CONSTRUCTION CO., INC.
